**DON'T FEEL SORRY FOR THE POOR SLOB STUCK WORKING NIGHTS.
HE'S PROBABLY MAKING OUT BETTER THAN YOU ARE.**

"She had these huge tits falling out of her shirt, and her jeans were so tight they looked like they were pasted on her pussy. I could have sworn she was half-teasing me and masturbating every time she swung those hips toward me. And by the way she sat on the barstool, in between trips to the jukebox, I could see that the later it got—and the more the other guys didn't measure up to her standards—the luckier I was going to get. And when I closed up, she was waiting at my car.

"She didn't care that I had a girlfriend at home; she was hungry for a man, horny as hell. She went down on me like she hadn't had a dick in a month, and then she jumped on top of me and rode my cock until I jammed my load so high up into her I expected it to come out of her mouth. And she was a good tipper, too," added *Joe, a bartender at a Brooklyn hipster joint.*

Joe's experience isn't unusual. Bartenders, cops, gas station attendants, waiters—just about any dudes who work the night shift not only have their share of problems, but they've got some fringe benefits they rarely discuss: all the hot sex they can handle.

Joe has a theory: "These chicks are out at night because they want to get laid. And if they can't get a guy who pleases them, then they hit on someone like me, or some other guy who's

just as horny as they are. And believe me, part of bartending is that you've got to stand there and watch other guys score, other couples party, even on a Friday or Saturday night, and you just help them get the girl relaxed enough to say yes. But when the night's over, I get my choice of who's left over—and some mighty good stuff comes my way."

"Most guys don't like the night shift because it means they're out of sync with the rest of the world. When they're sleeping everybody else is awake, and when they're working the rest of the world is sleeping. I come home and my wife is asleep and dead to the world; she doesn't want to bother with me. She did the first year we were married, but now she has to take care of the kids in the morning," says *Tom, a policeman in Dayton, Ohio.*

"So I guess every now and then I take advantage of what comes my way. Like hookers, for instance. The madams in some houses provide us with some freebies so we'll leave them alone, and a guy can have his pick of the litter. A dude would have to be crazy to turn down an offer like that—he can have all the pussy he wants for free what other guys pay good money for.

"There's this chick, Ashley, who I see about once a month. She's got this creamy skin, long black hair and she wears a garter belt, silk

stockings and a push-up bra that turns me on when she walks into the room. She'll do anything I want, unlike my wife, who gets offended if I want a blowjob. Ashley will go down on me and give me a blowjob like she's happy to serve me, and that horny bitch will gobble up every drop of my cum. And that way I don't bother my wife anymore

I think a guy who works the night shift should enjoy himself once in a while. And why not? Guys like me are guarding your houses against crime; we're out there in all kinds of weather. And nobody's forcing these girls to do this."

"You wouldn't believe what goes on in the garage some nights," reports *Billy, an attendant in a 24-hour gas station in California*. "Some of these girls drive in to gas up, and they're so amped up from some club that if you catch their eye just right, well... you just go around back to where we have this little bed made up and fuck her brains out. And you don't have to be the best-looking guy, just sympathetic. At this time of the night, it isn't just pros but lonely women who want a little attention and some sex."

What was the wildest experience Billy ever had? A gleam comes into his eye as he recalls: "One night, real late, like maybe five, five-thirty, these two girls come in and they're really

feeling fine, if you know what I mean. So we get to talking, just kinda fooling around, and before you know it they've both taken off their tops and are kissing each other and playing with each other's tits. I had such a hard-on just watching that I thought I'd come in my pants.

"One was this long-haired blond with long legs and a tiny waist, and the other was this short, stacked brunette. They didn't look like lesbians, but you should've seen the way they were carrying on. Finally one of them said to me: 'The show's over. Are you going to join in or what?' I guess I was standing there gawking because I'd only seen this kind of thing in porn flicks, and in real life it was even more exciting.

"Well, I told them to drive their car around the back and I'd be with them in a minute. It was late and I wasn't too worried about business, so we spread a blanket in the field behind the station. Two chicks going down on you at once—one is sucking your balls and the other your cock—and one of them, the blond, with her cunt right in my face. When I couldn't stand it a minute longer I got on top of the brunette and really gave it to her while the blond sat back and starting directing. Can you imagine, directing?

"She said stuff like, 'Harder. Faster. I want to see your cock going in and out of her pussy.

Suck her tits.' When they thought I was coming the brunette pulled away and the blond got under me. She was bucking like a bronco and the other one went and sat on her face. It was like a fantasy come true. I was so engrossed in what was happening that to this day I don't know whether somebody came along and pumped some free gas. And my boss never said a word—not after I told him what had happened. I never did see those two chicks again, and believe me, I was waiting for them."

Hospitals are notorious for some of the closet goings-on. And they are no myth. Late at night, when the patients are all sedated and bedded down, some really hot stuff goes on. "Those nurses are so horny that they practically attack you. And besides, some of them are so crazy to marry a doctor they'll do anything," reports *Dr. P.*, who works in a big Massachusetts hospital and wishes to remain anonymous.

"Now a guy like me is on for a couple of days at a time, and I have a little room where I can sleep, if I can find the time. Theoretically, nurses aren't allowed in there. But we've practically had orgies in there. Maybe two doctors and half the night-shift nurses fucking around. And those nurses go in for some bizarre stuff, like giving an enema and then having anal sex.

Or the stories they tell about the patients. Some of our male patients aren't that sick,

but one nurse had a beauty of a black-and-blue mark on her hip when a guy with a full leg cast accidentally belted her when they got too carried away."

Truckers do their share of long-run hauling and the action at some of the truck stops is practically legendary. The women are just waiting for these guys who may have been on the road for hours at a time and may need a bit of some "down" time so they can catch a nap after all that driving.

Betty spends a lot of time cruising the truck stops looking for some off-road action. "I love these truckers. I've had it all—two guys at once, one in my pussy and one in my ass."

And then there are those women who hit the truck stops out of need. In today's topsy-turvy world, it can be the easiest way to make a buck. Suzie is an attractive divorcee with two kids to support. "On my way home after my shift one night, I stopped to get some gas. As I went to pay I noticed this handsome truck driver staring me down. Before I knew it I was legs up in the back of his cab. After it was over he threw me some cash, and I guess you might say the rest is history."

Factory workers have their share of fun and games, usually when the foreman isn't looking. "There aren't too many women here on the assembly line," admits *Pete*. "But there are

some girls in the office who take their coffee breaks out by the canteen. What goes on in the ladies' room would shock the shit out of management. You see a closed stall in there and two pairs of feet, and hear some real heavy breathing.

Sure, it's risky but that's part of the excitement. One poor slob got caught last year in there because he got so carried away that he didn't hear us knocking on the door to tell him the female supervisor was on her way into the head. This broad goes in and you hear this screech for a mile around. Bet it sure steamed up her spectacles—and his wife, who didn't talk to him for a month.”

Walt is a trainman. On those late-night “milk runs” nothing much happens and half the people are dozing. He has this story to tell about his experiences: “There was this young woman. I judged her to be about 20. Maybe she was running away from home or just plain on the road, but she was wide awake and started following me around and asking me questions about how the train worked.

When I showed her the booth where I am, she started coming on. At first it was stuff like, ‘Ooh, you run this whole train by yourself?’ And she started rubbing up against me and I noticed that her nipples were hard as little rocks through her t-shirt. I got to admit that I was kind of hoping for something, but not what happened.

“She bent down and started playing with my buckle and pretty soon she had me unzipped

and her mouth around my dick, sucking away at it like a vacuum. For a young chick she sure knew what she was doing. But what was on my mind was that in a few minutes I had to announce the next stop.

“Well, the stop comes and here I am with this girt sucking on my balls and cock, and I'm calmly announcing the stop like nothing was happening. I knew I should go out and collect the tickets in a few minutes. Maybe that added to the thrill that all these people could walk by the station outside and see my shoulders, but they had no idea about what was going on.

“I came halfway between Trenton and Philly with a gush that must have half-drowned that girl. It leaked out the edges of her mouth and dribbled down her cheeks, and she just smiled and swallowed. God, I'd seen other guys getting it under the blankets on some long hauls or heard of other guys getting blown, but this was my first experience.

“And maybe it started something, because only a week or two after that there was this other woman, a nice-looking woman in her thirties. Well, she didn't want to be bothered with a blowjob; she wanted the real thing. And I told her, ‘Ma'am, if you can do it standing up, you've got a deal.’ “

Night-shift workers have their problems, but they also have some very exciting fringe benefits that their employers probably never thought of. Have you had an exciting night shift sex experience? Tell us all about it!

Spending so much time showing off open houses leaves Scarlet a lot of time to find some good private spots. Somedays she'll come back to those special spots, and play with her pretty pussy in full view of whichever lucky onlooker happens to sneak a peek.

Parent-Teacher Conference

Still closer she came, going on about having proper role models at home, while practically thrusting her boobs in my face.

The other day, I got a call from my son's school. There was some sort of trouble with his teacher that I needed to go down and sort out. So I went, both angry and frustrated that I had to leave work early for whatever it was this time. It turns out that my kid was caught swearing in class, and his teacher had a few concerns.

I rolled my eyes at the "concern" and headed down the hall to meet with the teacher, readying a few choice swears of my own. The context changed quickly once I saw her. Tall, over 6 feet, with long blonde hair and a chest that seemed to stand at full salute even when she was bent over, which drew my eyes down her back to a round, firm ass. Her tight clothes clung to her deep, tanned flesh in ways that would've distracted me as a kid. To be honest, she was fully distracting now.

She must've been expecting me because as I fumbled for my words, she pulled herself away from her desk and started toward me with a smile. She started explaining to me about the swears my son used and I feigned ignorance ("Wow, I wonder where he might have heard that!") and distinctly remembered using those precise words the previous night at dinner. As she started getting into how concerned she was that he was hearing these words so young, my eyes started drifting

down toward her chest and those enormous apples that were aching to spring out.

I could tell this teacher was good; she noticed how quickly my attention started to fade. But instead of yelling at me, she took a few steps closer, and threw her chest out a little further. By this point, I was staring and not bothering to hide the thick wad growing in my pants. Still closer she came, going on about having proper role models at home, while practically thrusting her boobs in my face.

Before I knew what I was doing, my hands were up in front of me. I'm not even sure what I was trying to do with them, but she quickly grabbed my wrists and pulled them towards her and filling them with her chest. I gasped and found her eyes again. She smiled as if she knew this would get my attention. And she was right.

Her eyes beckoned and I quickly leaned in to kiss her. She relinquished, kissing back and pulling me backwards through the room until I had her pressed against the whiteboard, making out heavily. She still managed to take the lead, holding onto my head and keeping

me enthralled with her mouth. My hands managed to find the clasp on her dress, finally releasing her chest from its tight prison. We continued to make out while I traced the outlines and size of her boobs, finally free-

ing myself enough to lower my face towards them. They were truly beautiful and remarkable, and she knew exactly what she was holding with them. I licked around the nipples, hearing her moan with pleasure.

After a few minutes, she guid-

ed me over to her desk, where she bent herself forward. Her giant breasts dangled down over the surface, while her perfectly formed ass was up in the air. And as she lifted her skirt, leaving her clothes around her mid-section, she revealed she wasn't wearing any underwear.

My dick immediately responded, and I had to open my jeans just to let it breathe. Of course, after that, it wanted more. A couple of strokes and I lined up behind my son's teacher, thrusting my heavy meat deep in her hungry pussy.

She let out a scream of pleasure as I grabbed onto her ass and started to move with all the frustration that I'd come into the school with. It was hard and heavy, with her quickly meeting my rhythm. I didn't let myself worry about where we were or about the noise. Not at this point.

My body was raging with energy and force and the risk only added an extra layer of both. I let a hand drift around to hold onto one enormous breast along with her ass and found ways to force myself deeper with each heavy thrust. It didn't take long for her to let out a long, low moan and I quickly followed, filling her up with several loads; enough that it was sliding back down my cock that seemed to keep finding more juice to send.

When I finally pulled away and adjusted my pants, she surprised me again by telling me that there wasn't anything wrong with my son, that he had brought in something of mine and that she had been interested to meet me. We're going on a date tonight, making it the best parent-teacher conference of my life.

Singles Cruise

I didn't expect to meet anyone on the singles cruise; I wasn't even really looking. I was more there to support my best friend, Cara, after her rough divorce than for myself, but I guess that

away and mysterious. I spotted her a couple more times, and each time, it felt like we shared a spark, even watching each other from across the room.

Cara noticed better than I did

when you're not looking, things have a way of slapping you in the face.

The first time I saw Trish, she was at one of the bars, with beautiful, long brown hair that flowed half-way down her back. Her smooth face seemed ageless, with eyes radiating the passion of experience while her complexion seemed to convey a never-ending youth.

She wore comfortable clothes that showed just enough of what she had underneath to make you curious while keeping the most important parts hidden

and kept pushing me to go talk to her, which I finally did after a couple of days. She introduced herself as Trish and the more we talked, the more I felt the awkward slipping away and even like I could relax with her.

We went on a date that afternoon for a ballroom dancing lesson, and I realized how badly I wanted her as we moved gracefully around the floor with our bodies pressed together. Before I got the chance, she invited me back to her cabin, saying something about needing to change clothes.

When we got there, she left me in the main cabin as she stepped into the bathroom. I moved towards the sliding door and balcony that looked out over the endless ocean, taking it all in. When she cleared her throat behind me, she appeared in just a thin bikini thong that barely covered a small patch of fur and her excited pussy, while barely a string held the whole thing on.

She stepped forward, letting me take in her large, free breasts that just made me want to take her right there. She had other ideas, though, and stepped out onto the balcony, beckoning me to follow. I looked on in surprise, but headed out with her, where she quickly grabbed me and threw me down on the long lounge chair that sat out there.

Each move was a surprise that sent another heavy jolt through my system and down to my pants. I groaned as she slid on top of me and started grinding through my clothes, her boobs falling in front of my face, just out of my reach as she held me down. She didn't say a word, just took advantage of how much I obviously wanted her.

My clothes stayed on until she was ready for them to come off, shirt first, revealing my toned, hairy chest, and she leaned down to make out with each of my nipples, not allowing me to get to hers, which only drove me crazier. Which was probably her goal, because her grin grew ever more wicked each time she saw my desperation to reach her forbidden fruit.

It was getting harder to keep control, and the entire time, she kept grinding my crotch against my jeans. It stopped throbbing and instead just stayed rock hard until she finally pulled back to let

my hungry dick out. She started playing using her long fingernails to trace lightly against the sensitive flesh. It was thick and heavy and wanted nothing more than the attention she could give.

With a smirk, she leaned down and gave the head a small kiss before moving her crotch

underneath. She shifted position to hold me down heavier, but I was able to get a foot hold that let me be more actively a part of things.

After that, it didn't take long for me to finally pick up enough strength to flip us on the lounge. With my own wicked smile, I sud-

up to rub against me. Her thong was thin and felt like my dick could just poke its way through, though she pulled it aside and finally let me slip inside.

Up and down, back and forth, she took advantage of me, still pinning me down with a surprising force. But she leaned in closer and finally let her large boobs drop low enough for me to start licking around her nipples, which were tender and perky, as happy to have the attention as my cock was.

Trish let out a long, low moan, which pulled my dick up deeper in her as I started thrusting from

denly started plowing her with everything I had.

It didn't take long at that point, and within a couple of minutes, I pulled my dick out just in time to send spray after spray of jizz over her chest and even up onto her boobs with a couple shots making their way all the way to her mouth.

She asked me to stay for a while, but I told her I needed to change, too. But, that night, I made sure I was at the bar early, dressed to the nines, and waiting for the next date on our whirlwind cruise ship romance.
